

Masaki Yoshikawa, Ph. D.

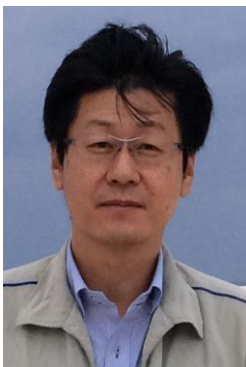

Manager

Energy Technology Laboratories, OSAKA GAS CO., LTD.

6-19-9, Torishima, Konohana-ku, OSAKA 554-0051, JAPAN

Telephone +81 -6-6466-4563, Fax +81-6-6462-3433

E-mail: yoshikaw@osakagas.co.jp

Dr. Yoshikawa graduated from Kyoto University in 1985, finished a master course of Kyoto University and joined Osaka Gas in 1987.

His major field of work is in the carbon material science, especially high performance adsorbent like Activate Carbon Fiber (ACF) and so on.

He had a Ph. D. degree in 2004 from Kyushu University as the title of “A Study on De-NO_x Reactions over Activated carbon Fibers”.

He has published and presented over 30 technical papers on these subjects and is the inventor of over 70 Japanese Patents.

He is a councilor of Japanese Society of Adsorption, and a chairperson of Committee of the international standardization of ACF.
